

DON'T PUT ALL YOUR EGGS IN ONE BASKET

AON SAVES YOU MONEY ON YOUR ANNUAL PREMIUM

At Aon, we have developed an insurance solution that addresses the real needs and insurance risks for poultry farmers. We have reduced your annual premium by removing the inapplicable aspects of general farm insurance and enhanced selected industry specific covers.

Even if you run the most successful poultry business, government authorities could require you to slaughter your stock in an outbreak of Avian Flu or Newcastle disease or things can simply go wrong.

It's important to be protected, this may begin with insurance for your chicken sheds to insurance that compensates you in the case of personal illness or accident.

TAILORED INSURANCE SOLUTIONS

Aon is the number one broker for Australian agribusinesses. We have over 30 years experience in designing, negotiating and delivering serviced insurance solutions for clients in your sector.

Our brokers specifically tailor insurance solutions that are not only extremely competitive, but also comprehensive and underwritten by A-rated Australian insurers as well.

WHY AON?

- An insurance broker can save you time, money and the worry arising from navigating and understanding complex insurance contracts.
- Aon have organised additional benefits with their poultry insurance cover.
For example; many Property Insurance policies do not cover chicken sheds that may contain EPS or sandwich panelling within their construction. At Aon we have negotiated this protection into our policy.
- Optional mortality insurance has been negotiated on your behalf to insure your stock against death from outbreaks such as Avian Flu or Newcastle disease.
- Aon's team are industry specialists who visit poultry growers to ensure they're correctly insured. We are local to you with 29 offices nationwide.

- WE PROVIDE COVER FOR CHICKEN SHEDS WITH EPS AND SANDWICH PANELLING
- AON ALSO OFFERS INSURANCE FOR AVIAN FLU
