Aon offers value and flexibility

As Australia's number one insurance broker and the leading supplier to motels, we've developed an insurance solution to meet your specific needs.

Designed to provide the flexibility you need with a minimum of fuss, our policy includes:

Public and product liability to provide cover for loss or damage to the property of another person or injury to them.

Property to provide cover for lost, damaged or destroyed property and contents due to fire, lighting, explosion, riot or malicious damage.

As an added bonus, property insurance automatically includes cover for theft, glass and machinery breakdown. That's three covers for the price of one!

Business interruption to provide cover for loss of income as a result of interruptions to your business due to damage, restricted access, loss of electrical, gas or water supplies to you.

You don't have to take out cover for all three options. You can choose the ones you need, but the business interruption option is only available if you purchase property cover.
