

Financial Hardship Policy

Version – August 2024 | Policy Owner – Australia Compliance

Policy Summary

Aon is committed to providing support to customers experiencing Financial Hardship.

We recognise there are times when circumstances beyond your control can make it difficult for you to meet your financial commitments. We aim to provide customers experiencing Financial Hardship with a range of support options.

1. What is Financial Hardship?

Financial Hardship refers to a circumstance where an individual has difficulty meeting their financial obligations to Aon or an insurer. Financial Hardship may be due to (but is not limited to) unemployment, divorce or breakdown of a defacto relationship, death or serious injury of a spouse or dependant, serious injury or illness of the the policy holder.

Financial Hardship has the following characteristics:

- **Significant** – Financial Hardship represents a significant impact on the customer's ability to meet their financial obligations. This can be either caused by the customer's ability to generate income being impacted or caused by additional unavoidable expenses.
- **Urgent** – Financial Hardship requires immediate action to assist the customer to alleviate their financial situation.
- **Unforeseen** – Financial Hardship is an unforeseen change to the customer's situation and is outside the control of the customer.
- **Temporary** – Where a customer is offered a Financial Hardship dispensation, Financial Hardship must be temporary, and a customer expects that the financial emergency will pass.

All of the above characteristics must be present for there to be Financial Hardship.

2. Who is entitled to support?

We encourage all customers experiencing Financial Hardship to contact us to discuss their circumstances. Examples of situations where customers may be entitled to support include (but may not be limited to) the following:

- an individual insured or a third-party beneficiary who owes the insurer money — including an excess — under an insurance policy issued by the insurer;
- a customer experiencing difficulty in making premium funding repayments;
- an individual that the insurer is seeking to recover money from because the insurer believes such individual caused damage or loss to either an individual insured, or a third-party beneficiary it covers under an insurance policy; and
- a customer making a claim under their policy due to an event that has caused them to also be in Financial Hardship and in urgent financial need of the benefits they are entitled to under their policy.

Support does not include paying the premiums under an insurance policy issued by the insurer.

3. Supporting customers with Financial Hardship

Where a customer requests Financial Hardship assistance, Aon will:

- direct the customer to their specific insurer's Financial Hardship policy and application forms;
- notify the insurer as soon as practicable after becoming aware that a customer is experiencing Financial Hardship;
- if appropriate, notify the premium funder as soon as practicable after becoming aware that a customer is experiencing Financial Hardship
- if appropriate, provide the customer with the contact details for the National Debt Helpline: 1800 007 007; and
- act on the insurer's instructions to put any action to recover an amount from the customer on hold pending the outcome of their application for Financial Hardship support.

Aon cannot guarantee that any application for Financial Hardship support will be accepted and generally, where Aon does not act on behalf of the insurer any help in relation to premium payments will be granted at the discretion of the insurer.

4. Further support

The following services are available however, in an emergency, always call 000.
